# KNIFE SHARPENING

## \$4<sup>00</sup> Per Knife

WÜSTHOF-Trident of America invested in a new sharpening system. The new system uses a four step process to grind, edge, polish and deburr each knife. This system is faster and more efficient than our previous one. It creates a sharper and stronger edge and we can now sharpen serrated knives! (Scalloped edge knives can also be sharpened, but not to the same degree.)

Fill out and return: Enclosed is a check made out to WÜSTHOF for \$\_\_\_\_\_ (\$4 per blade)
